-------------------------	-------------	-----------

Professional Services:

- ☐ Civil Engineering
- ☐ Consulting Engineer
- ☐ Electrical Engineering
- ☐ Land Surveyor
- ☐ Mechanical Engineering
- ☐ Other _____

The Professional Engineers Act and the Professional Land Surveyors Act permit registered civil, electrical, and mechanical engineers, licensed land surveyors and photogrammetrists to offer and practice their profession through the medium of a firm, partnership, or corporation. Rule 463 requires a professional engineer, land surveyor, or a photogrammetrist, to notify the Board on a form prescribed by the Board when he or she offers or practices his or her profession pursuant to Sections 6738, 8729, or 8775.1.

Branch Offices: § 6787(g), § 8726 (i) and 8792 (a) of the Business and Professions Code provide that it is illegal for any person who is not appropriately registered or licensed to be proprietor, manager or agent at any place of business from which civil, electrical or mechanical engineering or land surveying is solicited, performed or practiced.

Address Change: Filing an Organization Record does not satisfy or eliminate the requirement that individual licensees/registrants must file an Address Change Affidavit with the Board.
